

# Open Source 2.0

## 4 freedoms:

1. freedom to use
2. freedom to modify
3. freedom to share
4. freedom to share your changes

# Open Source is everywhere

- Android and iOS
- 95% of the web-technologies
  - 95% of web-servers
- 95% of the supercomputers

**What is it?**

**fun**

**freedom**

**community**

**variety**

**security**

**transformation**

**respect**

**1,000,000+**

# Used free resources

1. Google Docs
2. images from [pixabay.com](https://pixabay.com)
3. Ubuntu font

**thank you**
